

ARIZONA ANTELOPE FOUNDATION

ROSE TREE/WOODS RANCHES

FENCE MODIFICATION

MAY 4, 2013

Project Location: We will be working on the Rose Tree, Woods and Babocomari Ranches southeast of Sonoita Arizona.

Project Begins: Saturday May 4th. Meet at camp at 8:00 AM. This is a one day project.

Project Activity: We will be modifying approximately 3 miles of existing fence to 4 strands by removing the bottom, barbed-wire stands and replacing with smooth-wire. This effort is located in proximity to a previously funded AAF and ADA brush treatment project and is in direct proximity to a pending HPC funded multi-specie water project.

Pronghorn Benefits: This travel corridor project will help ensure that 2 separate groups (18 & 36) of pronghorn now using the south, southeast section of the Las Cienegas Grasslands and the Babocomari Ranch further south of that vicinity can have free access to one another. It will assist in completing the critical south portion of the overall pronghorn Santa Cruz Plains pronghorn corridor improvement project.

NFWF Grant Benefits: All volunteer work hours and mileage will be use as in-kind match for our 3-year our Southeastern Arizona Pronghorn Enhancement project.

Meals: Please provide your own lunch to eat in the field on Saturday.

**THE AAF WILL PROVIDE DINNER
FOR ALL VOLUNTEERS SATURDAY
NIGHT**

What to Bring: Work gloves (The AAF will have a limited supply), snacks, water, personal gear.

Contact: Glen Dickens at (520-247-4907) for project information. If you are planning to attend, **please RSVP** to info@azantelope.org by **April 26th** so we can plan to have enough food and tools.

Directions to Camp:

AAF project/camp site will be about 10 miles southeast of the intersection of Highways 83/82 at Sonoita.

Travel 20 miles south of Tucson on I-10; turn south on Highway 83 and travel 25 miles to the town of Sonoita intersection.

From this point turn east on Highway 82 and travel approximately 5 miles to the Upper Elgin paved road.

Turn south again and follow AAF signs from that point. Camp will be located 4 miles south located on the east side of the roadway at the historic Rose Tree corrals and stone bunkhouse immediately adjacent to the roadway.
